K Square Engineering

ISO 9001:2015 CERTIFIED

Metal Laser Cutting, Mfg of Sheet metal enclosures & All fabrication

About us

It's our pleasure to introduce you to K Square Engineering, a manufacturing company with specialized resources and immense knowledge in laser cutting. As a group of professionals, we focus mainly on customer satisfaction, product quality, and respecting our customers' valuable time. We provide quality services in metal laser cutting, manufacturing of sheet metal enclosures, and all fabrication work, always with the utmost commitment to safety.

What we provide

I. Sheet Metal Fabrication

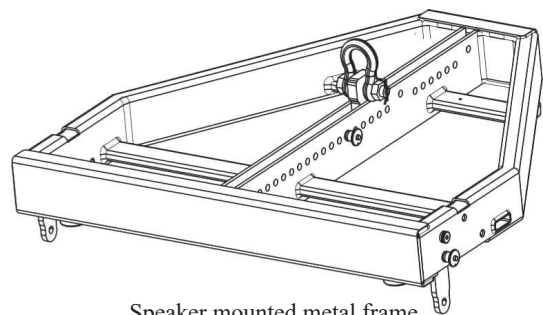

- Sheet Metal Parts & Assemblies
- Engineering-Based Fabrication Services
- CNC Laser Cutting, Bending job work
- Windmill Components
- Sheet Metal Kiosk
- Prototyping
- Custom Fabrication for OEM Applications

III. Specialized Components / Fabrication

- Robot Brackets, Base Plates & Accessories
- Sheet Metal Auto Components
- Industrial Machine Covers & Safety Guards
- Precision Mounting Plates & Fixtures
- Agricultural Equipment Sheet Metal Parts
- Brackets for Solar & Renewable Energy Systems
- SPM Machines fabrication

II. Enclosures & Cabinets

- Sheet Metal Outdoor & Indoor Cabinets
- Electrical & Electronics Sheet Metal Enclosures
- Specialized Enclosures for Medical Instruments
- Heat Exchanger Enclosures (MS/SS)
- SERVO Stabilized cabinets
- Stainless Steel & Aluminum Enclosure
- Networking Junction Box

Speaker mounted metal frame

In House Facility

◀ Bodor Metal Laser Cutting Machine 3 Kw

◀ Bodor Metal Laser Cutting Machine 1.5 Kw

Mild Steel (MS): up to 16 mm; Stainless Steel (SS): up to 14 mm;
Aluminum: up to 10 mm; Brass: up to 6 mm

◀ Yangli CNC Bending-100Tons

◀ Energy Machine NC Bending-40Tons

Bending capacity : MS 4mm*3.2 Meters

◀ EOT CRANE

◀ Laser Welding Machine
1.5kw

◀ TIG 401iw
Welding Machine

◀ MIG welding Machine
5 unit's

◀ Rivet Stud Tools & Air Pop Riveters

◀ CD Welding Machine

◀ Power Press Machine

◀ Electroweld Spot
Welding Machine
